

Call for Tutorials

12th IEEE/ACM International Symposium on Cluster, Grid and Cloud Computing (CCGrid 2012)

May 13-16, 2012, Ottawa, Canada

<http://www.cloudbus.org/ccgrid2012>

Sponsors: IEEE Computer Society, USA
ACM (Association for Computing Machinery), USA

Experts in cluster, cloud and grid computing areas are invited to share their expertise with the community by submitting proposals for tutorials to be presented at the CCGrid '12 conference to be held in Ottawa, Canada from May 13-16. The CCGrid '12 tutorials program will give attendees the opportunity to explore a wide variety of important topics related to cluster, cloud and grid computing and other related aspects. CCGrid '12 invites proposals for introductory, intermediate, and advanced tutorials, either full-day (six hours) or half-day (three hours).

Proposals must include:

1. Title and Presenter(s)
2. Abstract (200 words max)
3. Intended audience (beginner, intermediate, advanced) and prerequisites
4. Detailed description (3 pages maximum)
5. Statement on if this tutorial has been given before and if so how this presentation will be different.
6. Resume or Curriculum Vitae for each presenter (2 page maximum each)
7. Duration

Proposals should be submitted in PDF. It is expected that tutorials will have at most two presenters.

Important Dates:

1. February 17, 2012: Tutorial proposal submission due
2. March 16, 2012: Notifications to tutorial proposers

Proposals should be submitted through the easychair conference management system:
